

FEVER AT THE STRIP.

Forty Cherokee Boomers Stricken Down with Typhoid.

Heat and Hunger Claiming Victims Outside the Promised Land.

Missing People Who May Have Perished in Prairie Fires.

GUTHRIE, O. T., Sept. 15.—Thousands upon thousands of people are still arriving daily to enter the Promised Land and the situation is indeed getting serious all along the line. With from 4,000 to 12,000 people lined up at each registering booth, and the clerks tired out, but little headway can be made. The temperature was 102 degrees in the shade yesterday, with hot winds blowing clouds of dust, and water scarce. The prospect of an ending many hours in line has disgusted many, and last night fully 300 people boarded the trains and left for their homes. Two men died yesterday of prostration, and one poor old negro, who came all the way from Georgia to get a home, perished from hunger and thirst.

At Stillwater the crowd is getting unruly and trouble is feared. A score of people are dangerously sick, and one has died. The fires in the Pawnee Reservation have swept over a large section of country, burning off the grass and destroying the improvements the Indians have made on all the allotments. A number of people are missing at Pawnee, and it is feared some of them have perished in the fires.

The whole eastern half of the strip was on fire last night, and hundreds of thousands of tons of hay was consumed. With all the grass burned off the land and no water in the streams the settlers will suffer terribly.

Reports from Hennessey are that 5,000 people are now in line. Typhoid fever has broken out among the people of the town because of impure water, and forty persons are already dangerously sick.

STRIPPERS HOLD UP A TRAIN.

Grassed with Thirst They Rob Cars of Ice and Water.

FORT WORTH, Tex., Sept. 15.—Conductors of Pullmans on the Rock Island train coming here yesterday report that in passing through the Strip the cars were attacked, and, despite desperate resistance, the thirsty strippers robbed the cars of all the ice and water. The men were frenzied with thirst, and the train crews bear the marks of fierce fighting. Many persons have gone from here into the Strip. A hundred more will go to-day.

Diamond Peddler Remanded.

Kiva Ratter, of 421 East Eighth-second street, was remanded to the Tomlin Court this morning on a charge of grand larceny. Rudolf A. Brändelmann, merchant, of 61 and 63 Madison street, had a pair of diamond earrings on memorabilia. Ratter was to pay for the gems he sold them. It is alleged that he pawned them.

HAS THE FAIR BEEN ROBBED?

Alleged Shortage in the Transportation Department.

CHICAGO, Sept. 15.—The Tribune this morning says: "Evidence of irregularity, or perhaps fraud, has come to light among the minor employees in the transportation department of the World's Fair."

"The entire contents between the covers of one bill register have been torn out, and a number of leaves from another."

"The statement was made last evening that investigation so far shows a shortage of \$105,000."

MAY EXTEND THE BIG FAIR.

Project to Keep It Open Until the 1st of January.

CHICAGO, Sept. 15.—After a conference with a number of foreign commissioners the World's Fair directors have called a special meeting for next Monday night to discuss the feasibility of extending the Exposition until Jan. 1, 1894.

It has been suggested for some time among the managers of the fair that it would be kept open later than Oct. 26, the time fixed by Congress. If the attendance in the latter month seemed to justify such a move.

The heavy gate receipts and the increase in the regular daily crowds have now given the directors encouragement enough to justify serious consideration of the project.

APPEAL FROM BEAUFORT, S. C.

Mayor Gilroy Will Receive and Forward Contributions.

An appeal for aid for the sufferers by the cyclone in the Beaufort district on Aug. 27 was received from the Relief Committee by Mayor Gilroy this morning.

The appeal states that 800 were killed, 2,000 injured and fully 6,000 are depending on charity for an existence. The appeal is signed by George Holmes, Mayor of Beaufort, and prominent citizens.

Mayor Gilroy said he would receive and promptly forward all contributions.

DESTITUTE ON A PIER.

Polish Woman and Four Children Shipped Here from Canada.

Hester Paris, a Polish woman, and her four children are on the Norwich line pier, North River, in a destitute condition. The case was reported to Commissioner of Immigration. A day by a policeman of the steamboat squad.

The woman and her children started from Poland last May. They wandered about Europe up to two weeks ago, looking for a chance to come to this country. They had to undergo great hardships, as the small amount of money they had was spent out.

They finally found themselves in Rotterdam. From there they were referred to Liverpool, and on Sept. 1 sailed for Quebec.

At Quebec the authorities found they were destitute, and sent them across the border. They were taken on a train to New London, Conn., and from there here Wednesday night on the City of Worcester.

The woman has a son, twenty-two years old, in Pittsburg.

To the Right Spot

Every dose seemed to go when I began to take Hood's Sarsaparilla. I had a bad cough for nearly two years, coming on after the grip. I tried physicians, went twice to the Hot Springs of Arkansas, but all did no good. I got a bottle of Hood's Sarsaparilla, and it gave me relief at once. I took six bottles and know I am much better every day. DEWEY CURTIS, Madison, Wis. Get Hood's, because HOOD'S Sarsaparilla CURES HOOD'S PILLS cure all liver ills. 25c.

MR. BONNER'S VIEWS ON ALIX

Her Wonderful Performances Due to Pneumatic Tires.

He Recently Refused to Give \$20,000 for Her.

Robert Bonner was asked by an "Evening World" reporter to-day what he thought of Alix's performance at Washington Park, Chicago, yesterday.

"The marvellous work of the young mare—trotting a mile, in a field of ten, in 2:07.34 and breaking the racing record for trotters—astonished all other followers of the turf."

Mr. Bonner was interested. He replied to the question:

"First I'll tell you that Alix was forced to me recently for \$20,000, and something like a show of sadness passed over Mr. Bonner's face as he said it."

"Of course," he continued, "the reason for the marked increase in the speed of trotting horses is the advent of the new vehicle. It's not a sulky; that's a misnomer. It's the new pneumatic tire vehicle."

"It has come to stay, and even now horse owners would not soon think of hitching up to a coal cart as to the old style high-wheeled sulky."

It is nonsense to suppose that the breed of horses has improved to such an extent during the last two years as to make such a difference in the record figures.

"John Sloan tells me that he finds that the new vehicle makes a difference of between five and six seconds in a mile, and that Alix, who trotted the mile in 2:07.34, says he is convinced that the pneumatic tires knock off over three seconds of time in a mile."

"I have a horse that went 1:34 seconds better to the new machine."

"You're right, why, naturally, unknown horses are coming to the front and making the horsemen's eyes tickle with their performances."

The Washington Park track, built on the estate of the late John Sloan, in Illinois and Indiana, may have and probably does have, something to do with Alix's work. That's where Sunol made her four-year-old record. On any of the Grand Circuit tracks it might be very different.

"Alix may improve, too, before the snow flies. October and November, you know, are great months for breaking records."

"How about Maud S.?" the reporter asked.

"I haven't much to say about Maud S. Anyway, I don't think she can be got ready to anything this season."

"Do you intend to buy Alix, now?"

"Oh, it wouldn't do to talk about that now."

"But have you in mind any such thing?"

"I have got to catch a train, now. Sorry I can't talk any more," and Mr. Bonner hurried away with a knowing twinkle in his eye.

Three Children Burned to Death.

MIAMI, Fla., Sept. 15.—Near Mableville, Fla., the residence of Milton Myers, a wealthy farmer, was totally destroyed by fire last night, and three children, aged five, eight and three years, were killed. Mrs. Myers, with an infant two weeks old, jumped from a second-story window, and both are now in a precarious condition.

The Seventy-first Army.

Architect Thomas, of the Seventy-first Regiment, reported to the Army Board at its meeting to-day that work on the army was progressing rapidly. The Board then authorized the payment of \$11,000.00 to Contractor Gallagher for work done, and \$4,075 to the James L. Lister Supply Company.

GOLD MISSING FROM THE MINT.

Reserve Vault at Philadelphia Reported 5,000 Ounces Short.

PHILADELPHIA, Sept. 15.—Sept. 15.—Baltimore, of the Mint, late last night refused either to confirm or deny the reported shortage of 5,000 ounces of gold valued at \$105,000, in the reserve vault of the Mint.

The report of the shortage was telegraphed from Washington to the Ledger correspondent. The vault was sealed in 1887, and when Col. Boshell assumed charge of the Mint the balance in the reserve vault was not weighed. Col. Boshell is now receiving for the vault on faith.

The shortage, it is said, was discovered on a recent weighing.

Henry S. Cockran, who had charge of the vault, has been employed in the Mint for thirty years. The vault clearly shows that the doors have been opened, and if there has been an abstraction a felonious entrance must have been made through one of the walls, which are said to be only four inches in thickness.

A NEW CHINESE BILL

Mr. McCrory Prepares a Substitute for the Everett Measure.

WASHINGTON, Sept. 15.—Representative McCrory, Chairman of the House Committee on Foreign Affairs, has prepared a Chinese bill as a substitute for the Everett bill, which the Sub-Committee has adopted.

Mr. McCrory declines to make public the text of his substitute until it has been submitted to the full Committee for consideration. It is understood, however, that it is radically different from the pending measure. It has for its purpose the extension of the time within which Chinese may register and receive citizenship of residence to six months after the passage of the act.

The substitute also defines and declares the meaning of the words "Chinese laborers." Mr. McCrory is not satisfied with the substitute, and will oppose its adoption. Mr. McCrory feels confident that the full Committee will reject the substitute to the House.

Two Women Speak

For the benefit of others.

Miss Helen Smith, 43 22d Place, Chicago, Ill., says:

"I was troubled with irregularity and leucorrhoea. I followed Mrs. Pinkham's advice, took her Vegetable Compound, and used her Sanative Wash."

I now feel like a new woman, and am perfectly healthy."

Mrs. E. Fox,

Woodstock, N. J., writes:

"I had been sick 10 years with womb trouble and leucorrhoea. I could do no work. Doctors could not help me. Lydia E. Pinkham's Vegetable Compound did. Now I can do all my work, and stand nearly as well as I did."

I cannot thank you enough. I recommend it to every woman who has any weakness."

All druggists sell it.

MISS FEINBERG MAY RECOVER.

Wounded by Her Suicide Lover's Pistol Not Considered Fatal.

The body of Joseph Goldstein, the tailor who committed suicide by shooting himself in the breast in Lenox Garden's ice cream and cigar store, 2140 Broadway, last night, had not been removed at 11 o'clock this morning.

Representative of the County's office had viewed the body up to that time.

Goldstein, his sweetheart, she is a handsome girl eighteen years old, and was engaged to be married to him last night. Her affection, she confessed, were transferred to a young man named Louis Bloom, of 173 Fourth street.

Goldstein met Miss Feinberg in Carmichael's store last night. He asked her to fix a day for their marriage, and when she refused he drew a 38-caliber revolver and fired at her neck.

One of the bullets struck on the left side of her chin and lodged in the muscles of her neck. The other missed her and splintered the forehead of a boy.

Goldstein then fired a shot into himself and died almost instantly.

Miss Feinberg was taken to Gouverneur Hospital. Surgeon Carleton says she may recover.

Brings Letters from the Pope to

Mgr. Sattoli and Cardinal Gibbons.

Rev. Frederick Rooker, Vice-Rector of the American College in Rome, arrived to-day on the White Star steamer Britannic.

Father Rooker is the bearer of letters from the Pope to Mgr. Sattoli and Cardinal Gibbons.

These letters are of an important character, and will be personally delivered by Father Rooker.

Father Rooker has in his custody for presentation to the Cardinal a fine portrait of the Pope, carved in stone and set in a frame of gold, studded with diamonds and other precious stones. The work was done by artists of the Vatican, and is said to be a masterpiece of its kind.
